歷史:武卷九:西洋中古史 任作四題 試述西洋中古史所含之時間 地域、民族三種因素。

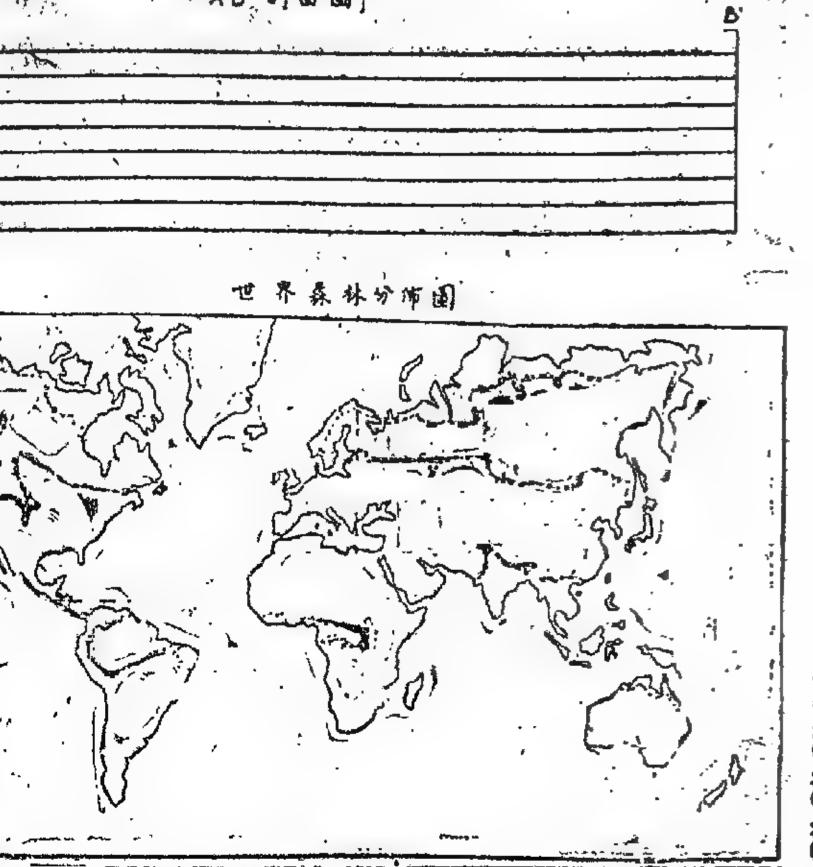

·階級、宗教、文化諸方面, 說明黑黯時代之社會概况。 試述基督發分裂當東西兩派之 背景及教皇在歌西地位之發展 試述封建制度之下君臣關係產 生之禮式以及君上與臣下問之

權利簽務。 試述封建時代佃莊(MANOR) 之經濟地位及佃莊之內容。 試述敦皇GREGORY VII與皇 帝HENRY IV之衝突。 試滅十字軍運動之一般的背景

試述封建時代隙西之人生觀·

社衆大)

Leagon o

ine the following sentences 1-

She is my English teacher

2. Open the door.

5. If you did that I should be angry.

4. She wanted to go.

the first sentence the verb states a fact he second sentence the verb expresses a command.

third sentence the verbs express a condition or supposition. the fourth mentence the word, 'to go', names an action, without ming any subject.

) When the verb states a fact or asks a question, it is said) to be in the Indicative Mood. The verb in the first sentence, which states a fact, is in the Indicative Mood. More examples of verbs in the Indicative Mood :

1. She goes to school at seven o'clock.

2. He writes well:

3. The teacher taught us English.

4. The old woman was knocked down by the car.

5. How old are you ?

the verb gives a command or makes a request. it is . said to be in the Imperative Mood. The verb in the second wentence, which gives a command, is in the Imperative Mood.

More examples of verbs in the Imperative Wood :-

1. Shut the door.

Z. Go sway. 3. Pollow me.

4. Excuse me.

5. Run1 . -

When the worb expresses supposition or a wish or doubt, it is said to be in the Subjunctive Mood. - The work in the third sentence, which expresses a supposition is in the Subjunctive Mood.

More examples of verbs in the Subjunctive Mood 1-

1. I should go for a walk if the rain stopped.

2. If you saw him you would go with him.

3. If you gave that answer you would be wrong.

4. We would help you if you needed help. 5. She would do the work if she had time.

Then the word expresses an action, without mentioning any subject, it is said to be in the Infinitive Mood. The Verb in the fourth sentence, which makes no reference to any subject, is to be in the Infinitive Mood.

More examples of verbs in the Infinitive Mood

1. Birds love to sing.

2. She refused to obey the orders. 3. You need not wait. 1 -

4. They like to play football.

5. You must go now ...

The Infinitive without 'to' is used after the follows

.let, make, need, dare, ase, hear; shall, will, do, did, should, would, may, might, must, can and could.

The sentence 3, 'You need not wait', and sentence 5, ou must go now. " are sentences in which we use the Infinitive without 'to'.

A verb in the Infinitive Mood is shortly called the

Exercise 7

the Mood of each verb in the following sentences :. I were king, you should be queen.

bake him run. dey told him the whole story. the should come, I will see her. was playing with his sister. Alldren like to play. bridge was burnt yesterday.)

her sit there. snake lay in his path. drive a car requires skill.)

te your name here, please.

these books away. hat he wants I do not know. letters are delivered by the postman. shot had frightened the birds.

Answers to Exercise 6

(2) What he wants (object), :you did this (object), at you failed in the examination (object). he would go (object), (5) How they escaped (subject), they will leave (object), (7) When she will come (subject), they say (object), (9) you would do that (object), hat she wants (object).

Clause	Kind
He understood	Principal Clause
that you wanted some new	Noun Clause, object of
It was not clear	Principal Clause
who had done that	Noun Clause, object of twas not clear
they saw	Principal Clause
When they entered the	Adverb Clause (time)
what had happened	Noun Clause, object of
The thief ran away	Principal Clause
when he saw	Adverb Clause (time)
that a paliceman was	Noun Clause, object of
She said	Principal Clause
that a paliceman was coming She said She had not used the pen he gave her	Noun Clause, object of 'said'
he gave her	Adjective Clause, qualifie

An error in typewriting was made in the third line of Lesson 5. The word 'can' should be 'could'.

中文中學高中畢業會考

試卷二

北美洲及中美洲 兩小時完後

五題全等。每題佔總分百分之二十、老生應儘量作圖以助解答,附實應達問試卷繳查。

1. 将下列各項電入附圖內:

9:30 a.m. - 12:30 p.m.

Post-Secondary Grant Colleges Joint Diploma Examination, 1962 19th June, 1962. 2.00 to 5.00 p.m. mraper 3 : Shakespeare

Answer Question 1; one other question from Part I, one question from Part II, and one other question from either Part - i.e. Question 1 and three others. In answering questions from Part II reference must be made to more than one play. Guotations are desirable passim.

Part I Comment. on FIVE of the following extracts, referring where

appropriate to these points :context; words phrases allusions a modern reader might not understand: the feelings and intentions of the speakers; significance of the passage in the scene or olsy; the style and power of the language.

(a) A: To be generous, guiltless, and of free disposition, is to take those things for bird-bolts that you deem cannon-bullets. There is no slander in an allowed fool, though he do nothing but rail; per no railing in a known discreat man, though he do nothing but reprove. ...

B: Now, Mercury endue thee with lessing, for thou speakest well of fools!

ducat, dead!

- (b) X: Your servant's servant is your servant. madam. Y: For him. I think not on him: for his thoughts. Would they were blanks rather than fill'd with me! X: Madam, I come to who your gentle thoughts On his behalf.

Ol by your leave, I pray you, I bade you never speak again of him: But, would you undertake another suit, .. I had rather hear you to solicit that Than music from the Spheres.

(Come, come, and sie you down; you shall not buige; You go not, this i set you up a grass Where you may see the inmost parts of you.

B: What wilt thou do? theu wilt not murder me? Relp, help, ho! C: (behind) What, ho! help! help! help! A: (draws) How now! a rat? Dead, for a

C: O! I am slain.

(d) X: So Guildenstern and Rosencrantz go to't. Y: Why, man, they did make love to this amployment: They are not near my conscience; their defeat . Does by their own insinuation grow. 'Tie dangerous when the baser nature comes' Between the pass and fell-incensed points Of mighty opposites

Why, what a King is this!

(a) A: The ambassadors from Norway, my good lord, Are joyfully returned.

B: Thou still hast been the father of good news. A: Have I, my lord? Assure you, my good, liege, I hold my duty, as I hold my soul, Both to my God and to my gracious King; . And I do think - or else this brain of mine Hunts not the trail of policy se sure As it hath used to do - that I have found The very cause of Hamlet's lunacy.

p: Of speak or that; that do I long to near.

_(f) X: (Aside) The Prince of Cumberland! that is a step On which of must fall down; or else oferleap For in my way it lies. Stars, hide your fires! Let not light see my black and deep desires;

The eye wink at the hand; yet let that be Which the eye faers, when it is done, to see. (Please turn over)

(English Paper 3 - Page 2)

(g) A: Pray heaven it be state-matters, as you think, And no conception, nor no jealous toy Concerning you. B: Alas the day! I never gave him cause.

A: But jealous souls will not be answered so; They are not ever jealous for the cause, But jealous for they are jealoust tis a monster Begot upon itself. born on itself.

if I do prove her haggard. Though that her jesses were my dear heart-strings. I'd whistle her off and let her down the wind. To prey at fortune. Haply afor I am black. And have not those soft parts of conversation That chamberers have pr. for I am declined Into the vale of years - yet that a not much -She's gone, I am abased; and my wellef Must be to loathe her JO curse of marriage!

A: You advise me well W: I protest, in the sincerity of love and honest : I think it freely; and betimes in the morning. I will beseach the virtuous Desdemona to undertake

for me. I am desperate of my fortunes if they sheck me here. b: You are in the right. Good night. Dieutenant; to must to the watch.

A; Good sight benest lago!

X: Poor deer', quoth he; thou mak st a testament As worldlings do, giving thy sum of more To that which had too much's then. being there alone; Left and abandoned/his velvet friends;

Tis night quoth he thus misery doth part The flux of company; anon, a careless herd, Full of the pasture, jumps along by him And never stays to great him: 'Ay'. quoth Jaques. 'Sweep on, you fat and greesy citizens;

(k) A: Twice did he turn his back and purposed so; But kindness, ever hobler than revenge, And nature, stronger than his just occasion, Made him give battle to the lionese. Who quickly fell before him: in which burtling From miserable slumber I awaked. B: Are you his brother?

Tis just the fashion.

Was it you ho rescued? B: Was to you that did so oft contrive to

Another general shout; I do believe that these applauses are . For some new honours that are heaped on Caesar. Y: Why, man, he doth bestride the world Like a Colossus; and we petty men Walk under his huge legs, and pesp about to find ourselves dishonourable graves, Men at some time are masters of their fates: The fault, dear Brutus, is not in our stars. But in ourselves, that we are underlings. The sun of Rome is set. Our day is gone;

Clouds, dows, and dangers come; our deads are done. Mistrust of my success hath done this deed. B: Mistrust of good success hath done this deed.

O hateful error, melancholy's child! Why dost thou show to the apt thoughts of men The things that are not? O error! soon conceived, Thou never com'st unto a happy birth,

(To be continued on But kill'st the mother that engendered thee. Dext page]

浦助學校一文憑證 數學卷一(解析)

Post-Secondary Grant Colleges Joint Diploma Examination, 1962 MATHEMATICS 19th June, 1952,

> Paper I: Analysia Answer any SEVEN questions.

1. (a) Derive the following formula for interpolating roots of the equation f(x) = 0 by the "rule of false position":

 $f = x_1 - \frac{f(x_0)}{f(x_1) - f(x_0)} (x_1 - x_0)$

Show that Newton's method of approximation is a limiting case of this formula.

(b) Using Newton's method, find the root of the equation x = e-X to four decimal places

2. (a) Test convergency of each of the following series; $\sum_{n=1}^{\infty} \left(\frac{n}{n+1}\right)^{n^2}$

 $\sum_{n=10}^{\infty} \frac{1}{n \log n (\log \log n)}$

(b) Using Taylor's Theorem, show that

(i) $\cosh x = \sum_{n=0}^{\infty} \frac{x^{2n}}{(2n)!}$ for all x;

(ii) $\sin^2 x = \sum_{n=1}^{\infty} (-1)^{n+1} = \frac{2^{2n-1}}{(2n)!} x^{2n}$ for all x.

3. (a) Prove the identity

 $\Delta_5(n_A) - n \Delta_5 \Lambda + s \Delta n \Delta_{\Lambda} + \Lambda \Delta_7 n$ where V is the gradient operator.

(b) Transform the Laplace equation in rectangular coordinates $\Delta_{St} = \frac{9x_{5}}{9_{5}t} + \frac{9x_{5}}{9_{5}t} + \frac{9x_{5}}{9_{5}t} = 0$

into the one in cylindrical coordinates.

4. (a) State and prove Green's Theorem for the line integral around a closed plane curve.

(b) Using Green's formula, evaluate the line integral $I = \int (x+y)^2 dx - (x^2 + y^2) dy$

where C is the boundary of the triangle with vertices A(1,1), B(3,2), C(2,5). Verify your result by direct evaluation of the line integral.

(a) Assuming that the solution of the differential equation $xy^{ij} + y^{i} + xy = 0$

can be expanded in Taylor's series, find the solution of the equation in series form.

(b) Find the general solution of the partial differential equation

Hence or otherwise, show that the most general solution of the equation

(Please turn over)

(Paper I: Analysis - Page 2)

(5) (continued)

where a is a non-zero constant, is of the form

 $z = f(x + at)_{j+} g(x - at),$ where I. g are differentiable functions of a single variable.

Solve the following differential equations:

(1) (x-y-1)dx + (x+y+3)dy = 0

(ii) $x^3y^1 - x^2y + y^4\cos x = 0$ (iii) $5y''' + 9y'' + 5y' + y = 29e^{2x} + 3$.

(i) State and prove Leibnitz's formula for the nth derivative of the product of two functions u and v of a single variable x.

(ii) If $y = \sin \log(1+x)$, show that $(1+x)^2y'' + (1+x)y' + y = 0.$

> . Jence deduce that $(1+x)^2 \cdot y^{(n+2)} \cdot (2n+1)(1+x)y^{(n+1)} \cdot (n^2+1)y^{(n)} = 0.$

(8) (a) Show that

(b) Find the volume of the solid bounded by the surfaces $x^2 + y^2 - az = 0$, $ax + y^2 - a^2 = 0$ and the planes x=0, 2=0.

Attempt BOTH Question I and Question II. 1. Translate into Chinese either in the literary 文言 or in the colloquail style 装着 ONE passage from Section A and ONE passage 入海经以增一民 from Section B: Section A

(1) What about force, though? While we are trying to be sensitive? and advanced and affectionate and tolerant, an unpleasant question 路英長禮入計百 pops up: Doesn't all society rest upon force? If a government can't count upon the police and the army how can it hope to rule? And if an individual gets knocked on the head or sent to a labour camp, 如如質好方 what significance are his opinions?

This dilemma doesn't worry me as much as it does some. I real 整三十五次許。於 that all society rests upon force. But all great oreative actions, 禁無二哥債多早上 the decent human relations, occur during the intervals when force 文任年 · 不快年海 not managed to come to the front. These intervals are what matter. 股合他還事隨? want them to be as frequent and as lengthy as possible, and I call 體公們那之任年 them "civilization". Some people idealize force and pull it into t聚设元两一最四九 foreground and worship it, instead of keeping it in the background 製造一人同今川十 as long as possible. I think they make a mistake, and I think thei 如八和蓝人。二 opposites, the mystics, err even more when they declare that force 描七丁了飲他蒙 doesn't exist. I believe that it does exist, and that one of our jour 三寶 · 敬曾 is to prevent it from getting out of its box.

Two conditions of special importance must be satisfied if leading 交氧件談寶 ship in a democratic community is to be effective and defensible. 型武他情是 > 及相 first is that as far as possible it should be open to men and women any class to rise to positions of leadership in any kind of activitiens . 回三。 This demand is necessary both on the grounds of justice and also because a belief in equality of opportunity is now so wide-spread th省到京光,而在 leadership based on any other principle is in great danger of being的大清緒了紋既 ineffective, because unacceptable to the majority of men. It must became in 上比级然distinguished carefully from the kind of equalitarianism that, by minimizing the difference between individuals, attempts to reject 地區兩字多事後開 idea of leadership altogether. In practice there are admittedly very 表表语言 great difficulties in the way of realizing the ideal of equality of opportunity. Some of them are removable by social change; bad housing 字時丁 inferior education, the limitations on personal development imposed in by poverty are all barriers to the emergence of leadership among so 真章原式 scettons of the community. A belief in revelite is community and 開始對於 scetions of the community. A belief in equality of opportunity and in the necessity of recruiting leaders from every class imposes on society an obvious obligation to break down those obstacles as rapidly and completely as possible.

Western Europe and America have a practically homogeneous ment 出现力容 life, which I should trace to three sources: (1) Greek culture; (2) Jewish religion and ethics; (3) modern industrialism, which its is an outcome of modern science. We may take Plato, the Old Testamen and Galileo as representing these three elements, which have remained singularly separable down to the present day. From the Greek we der 大極語。 literature and the arts, philosophy and pure mathematics; also the more urbane portions of our social outlook. From the Jews we derive fanatical belief, which its friends call "faith"; moral fervor, with the conception of sin; religious intolerance, and some part of our 等, 生借無肝工 nationalism. From science, as applied in industrialism, we derive power and the sense of power, the belief that we are as gods, and me justly be the eroiters of life and death for unscientific races. We'll derive also the empirical method, by which almost all real knowleds has been acquired. These threw elements, I think, account for most our mentality.

(English Translation Page 2) Section B

The next few days, under a sun that climbed higher every morning grew flurcer, and sent most of theal into thin white clothes, 如源向事於 駐別的 Marukai ateadily cut her way through an element that had lost stor the resemblance to water and looked like purple-black marble, across 如人而便部 which a few rapidly fading lines of foam went arrowing from her and a haze of sky; there no passing chips, no birds, no leaping it was as if the Marukai had sailed away from everything for every Only the grackle of wireless linked them with the outer world of markets and murders. The Maruksi was now their world, and they without effort into her idle, almost piggy routine.

(1. The passengers. 2. The name of a ship which may be translated as A

Vere's first house was no more than a nest, hollowed out of tall grass bordering the drive, into which he used to leap from 大村本籍度 distance so as to leave no tell-tale trodden path, and from which the could spy scoretly on the garden, the lawns and the front-door. Crouching there by the hour, eaten alive by ants, midges and har bugs, only his heir and forehead showing between the waving state he would wait patiently for the reward of unsuspecting steps of rare delight of an overheard conversation. His mest was not endur One morning he was lying in it on his back, gazing through the branches of the beech trees at the blue sky above, when he bedan aware of a recurrent and rhythmical scraping sound that set his teeth on edgs. He rolled over and scanned the horizon.

At the other end of the world, meanwhile, a joyous spring descended upon the plain. It might have come overnight, so sudde was it there. Flowers of every hus carpeted the ground, and the fresh shoots of grass were reaching to the horses knees. Swall glided over the sunny surface of that stream which had already begun to rise and to grow slightly turbid.

Linus, on returning after his visit to the Satyr Nea-huni. these things with rapture. He lay naked in a godlike content under that gigantic white poplar, and watched his wintry sheepskin drift and a second away, like last year's one, and looked across the water where, the far distance, those jagged white teeth could sometimes be seek half-way up the sky. They were not visible today; their place veiled in mists. Silvery doves, unnumbered multitudes of them. speeding up stream to their nesting places among the crags that wondered drawn blue lake in the North, of which he knew nothing He wondered dreamily why they always flew, year after year, in same direction.

II. Translate into English ONE passage from Section C and ONE passage from Section D: Section C
